

# Mayfield Saturday vs Bamville

14<sup>th</sup> May 2011

Bamville 182 all out, Mayfield 88 all out  
Mayfield lost by 94 runs

## Starcky

A couple of days prior to the match kicking off, I was asked to do teas and thought that it may have been a problem with us moving house. I thought that it best ask my wife who said that it would not be a problem then continued to confirm that as a yes to Rich.

Saturday arrived with the sky looking a little grey overhead. I managed to get a little more clutter moved while the wife went about getting the food ready. We arrived at the ground with ample time to spare and get myself ready for the match.

The 2 captains headed to the middle only for Colin to return to say that he had the lost the toss again and we were to field.

Glenn opened the bowling up the hill and into the wind with a very tidy first over, conceding just one run. It may have been a little more had it not been for Steve Hayden's superb diving stop, fielding at point. Karl opened from the other end. Glenn was rewarded a wicket by a very hesitant umpire in his 5<sup>th</sup> over, capturing the number 2 LBW.

This was the breakthrough we needed. Karl captured his first in his 6<sup>th</sup> over bowling the number 3 for 19. Number 4 did not last long having lofted the ball to me in the covers which Chattu could have easily taken.

I replaced Glenn after his 9 over spell and Mike Mandary replaced Karl after his 11. Mandary's first few overs were a little wayward but once he shortened his run he managed to find good line and length.

I got the next wicket which was caught by Raj at mid-on. Mandy got the next 2 wickets both bowled with one of the batsman looking extremely bemused by a ball that kept straight (obviously not expected on this wicket). I surprisingly got the next wicket caught by Chattu at mid-off, had it not been for the batsman hitting it would have certainly been a wide. Mandy and I claimed another wicket each to our name. Steve Hayden replaced me and after his first ball, I feel he should be opening the bowling. He wrapped up the Bamville innings with just one ball.

Bowling figures as follows:

Glenn Copus	9	0	43	1	
Karl Cullen	11	0	58	2	
David Starck	9	0	37	3	
Mike Mandary		7	0	43	3
Steve Hayden		0.1	0	0	1

Tea arrived and as I walked off the field Glenn asked me where the milk was of which I had no reply. It had been over a year since I had made tea and cleanly forgot that I had to supply the milk. Well I guess I won't forget the milk in future. I took a quick jog to the car and then drove to the shops and back with milk.

**Apparently Not!!**

Lunch was completed and Mayfield set about the target set by Bamville. Only 182, surely that could be done. YEAH RIGHT!!!!!!!!!!!!

Not much to mention except for 3 innings, a very good batting display by Mandary finishing 23 NO, 15 by Steve Hayden and 22 extras. Enough said.

A mention to myself for missing a run-out from about 2 yards away and Richard Granger who dropped a few catches (sorry lost count 4 or 5 Rich) and missed a couple of run-out opportunities.

**Golden moment:** Steve Hayden fielding a ball with his knee and letting out an excruciating yelp and lying there in pain while many of us looked on with fits of laughter.

**MOM:** Mike Mandary for his 23 NO and taking 3 wicket for 43.

On the day a game in which the opposition beat us by pace on a pitch suitable for none.

**A MOM performance for Mike proves popular!!**
